

Schedule 1**Licensed Materials**

Issue/Edition Coverage. The rights granted herein shall cover all issues of the Licensed Materials from the first in all formats, iterations, and editions, whether now in existence or created in the future unless otherwise specified on this Schedule 1.

Complete Content Set: The Licensed Materials as listed herein include all content distributed via websites associated with the titles comprising the Licensed Materials even where such content is in addition or supplementary to the content included in the print, e-book or e-journal edition. Any additional online only content shall be made available to ProQuest regardless of the form or format in which it is provided to the Licensor's readership.

Addition of Titles. Licensor agrees to automatically add any newly launched titles as well as any newly acquired titles to the Licensed Materials.
